Dear Ms. Dortch:

On April 16, 2012, Michael Samssock, William Stone, Jeff Stuparits and William Wallace of Verizon spoke by telephone with Susan Singer, Joel Rabinovitz, Joel Taubenblatt, Tom Peters, Thuy Tran and Paul Murray of the FCC. We discussed the data and methodology that Verizon Wireless used for its projections for data traffic on its network described in the Declarations of William H. Stone submitted in this docket and further described in Verizon Wireless' narrative response to Request 6 of the FCC's Information and Discovery requests submitted on March 22, 2012.¹

This letter is being filed electronically pursuant to Section 1.1206 of the Commission's Rules. Should you have any questions, please contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read "Tamara Preiss", written in a cursive style.
